References ending in "KIT" or "SET": total number of pieces - one each power and/or colour(s).  
References ending in "KIT" and referred to as "Complete Set" include a counter display at no charge.  
All Reading Glasses are supplied with a case.

# Innovation. HC

All 'BELLISSIMI' Reading Glasses are '**HC** High Comfort' due to the **Anti-reflection coating** applied to the internal sides of the lenses. The layers of the coating increase transparency and decrease the reflection of light. The decreased reflection of **HC** Reading Glasses makes them aesthetically more comfortable reducing lens glare which is an added benefit e.g. when working in front of a computer. **HC** Reading Glasses are fitted with long shaped temples for extra comfort and can be placed 'around the neck' so that they are readily to hand.

## High Comfort AR Coating

# Innovation HC Velvet

Comfort sides can be placed 'around the neck' readily to hand.
